

LA PENICHE ALLERGY STATEMENT

Please speak to your server about any dietary requirements and we will do our best to accommodate them. It is important that you inform your server in particular of any allergy or intolerance you have each time you visit so that we can advise you further.

Allergens in all our dishes are identified by the galley team to our servers using the food allergen key numbered 1 to 14 which corresponds with the Food Standards Agency allergen guide. Whilst we make every effort to minimise cross contamination, please be aware that there may be traces of other allergens present due to manufacturing or cooking methods and in the environment in which our dishes are prepared and made. We therefore cannot guarantee that any item is completely allergen free. Please bear this in mind with regard to your personal needs.
